

**Professor emeritus Ulf Helldén, 131108**

**SELECTION OF PUBLISHED REPORTS IN CHRONOLOGICAL ORDER**

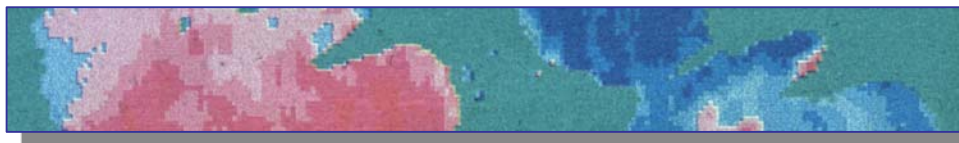

- 425 hits in the International Science Citation Index and the Social Sciences Citation Index (ISI Web of Science)

1. Helldén,U.,1973a: Limestone solution intensity in a karst area in Lapland northern Sweden.- Geografiska Annaler Vol 55A, Nr 3-4, 185-195.
2. Helldén,U.,Palmér,O.,1973: Ett termokarstområde på Spetsbergen-Svensk Geografisk Årsbok 49, pp 222-225.
3. Helldén,U., 1973 b: Artfjället, Lapland, Sweden: Karst hydrology and morphometry- Lunds Universitets Naturgeografiska Institution (LUNI) Rapporter och Notiser Nr 20, 22 pp.
4. Helldén, U., 1973 c: Några korrosionsanalyser från ett kalksten-dolomitstråk på Spetsbergen – I “Studier i periglacial geomorfologi på Spetsbergen. Lunds Universitets Naturgeografiska Institution (LUNI)” av Svensson,H., Helldén,U, Malmström,B., Nordström,S., Palmér,O., Åhman,R., Åkerman,J. - Rapporter och Notiser nr 15. pp 77-88.
5. Helldén,U.,1974a: Some calculations of the denudation in a dolomitic limestone area at Isfjord-Radio, West-Spitzbergen.- Norsk Geografisk Tidsskrift, Hefte 1, Bd 28, 83-89.
6. Helldén,U.,1974b: Karst - En studie av Artfjällets karstområde samt jämförande korrosionsanalyser från Västspetsbergen och Tjeckoslovakien.- Medd. fr. Lunds Univ. Geogr. Inst. Serie Avhandlingar LXXII, 192 pp. (Ph.D. thesis).

7. Helldén,U.,1974c: ERTS-1 tillämpningar.- Svensk Geografisk Årsbok Årg.50, 209-231 (with H. Svensson and H-Å. Olsson).
8. Helldén,U.,1974d: Some corrosion analyses from Moravian Karst in Czechoslovakia- Czechoslovakian Academy of Sciences, Institute of Geography, Spelelogicky Věstník No. 4, pp. 7-20.
9. Helldén, U., 1974 e: ERTS-1 data för markanvändningskartering och vattenundersökningar.- LUNI Rapporter och Notiser Nr 27, 40 s. (med H. Svensson och H-Å Olsson).
10. Helldén,U.,1975a: Inventory of Fagus-stand and land-use mapping in southern Sweden based on Landsat-1 data.-Paper presented at the Second Annual General Conference of the Remote Sensing Society of Great Britain. Silsoe, Bedford, 9-11 Sept., 1975 (with H-Å.Olsson).
11. Helldén,U.,1975b: Hydro-chemical analyses and karst denudation measurements from Moravian Karst in Czechoslovakia.- Paper presented at the Int. Symp. on Standardization of Field Research Methods for Karst Denudation (Corrosion) in Ljubljana, Yugoslavia 1-5 Sept., 1975.
12. Helldén,U.,1975c: Hydrology and Karst Denudation. -Suggestion to the Int. Symp. on Standardization of Field Research Methods for Karst Denudation. Ljubljana, Yugoslavia 1-5 Sept., 1975.

13. Helldén,U., 1975d: The use of Landsat-1 imagery for water quality studies in southern Scandinavia.- Proc. of the NASA Earth Resources Survey Symp. NASA TM X-58168 JSC-09930, Vol I-A, pp 451-468.

14. Helldén,U., 1975e: Water quality studies and land use mapping using ERTS-1 data.- Paper presented at symp. on "European participation in earth resources projects", University College, London, April 1975.- Journ. of the Brit. Interpl. Society Vol.28, Nos 9-10, pp. 634-646 (with H-Å. Olsson).
15. Helldén,U., 1975f: ERTS-1 data för markanvändningskartering och vattenundersökning (ERTS-1 data for land use mapping and water quality studies)- Statens Naturvårdsverk, SNV PM 615, 38pp (with H.Svensson and H-Å.Olsson).
16. Helldén,U.,1976a: Landsat data för miljövårdsapplikationer: 1.Bokskogsinventering i Hallands län. 2. Markanvändningskartering i Kronobergs län.- Statens Naturvårdsverk PM 717. (with H-Å Olsson).
17. Helldén,U.,1976b: Bildanalysator för fjärranalystillämpningar. - Svensk Geogr. Årsbok, Årg 52, 103-110 (with Malmström, Mattsson, Mattsson, Olsson, Olsson ,Palmer).
18. Helldén,U., 1976c: Landsat imagery and digital data for water quality studies. Actual and potential applications in Sweden.-Paper presented at the UN/FAO Seminar on the Applications of Remote Sensing for Natural Resources Survey, Planning and Development. University of Reading, United Kingdom, 22nd July - 10th August, 1976.
19. Helldén,U.,1977a: Landsat data för miljövårdsapplikationer-Markanvändnings kartering i Linköpings kommun.-Statens Naturvårdsverk, SNV PM 892, 48s
20. Helldén,U.,1977b: Landsat data för geovetenskapliga tillämpningar: Prel. studier av fjällterräng, Varangerhalvön, Nordnorge. - LUNI Rapporten och Notiser Nr 33, 29 s (with B. Malmström and O. Palmer).
21. Helldén,U., Åkersten,I., 1977c: Landsat digital data for water pollution and water quality studies in southern Scandinavia.- Proc. of the 11th Int. Symp. on Remote Sensing of Environment. ERIM, Ann Arbor, Michigan, April 25-29, 1977. Vol. II, pp 875-884.
22. Helldén,U., Åkersten,I., 1977d: Landsat digitaldata för vattenkvalitetsbedömning- LUNI Rapporten och Notiser Nr 32, 91 s.
23. Helldén,U., Åkersten,I., 1977e: Landsat digitaldata för vattenkvalitetsbedömning- FAO rapport C 30078-E1, Nov 1976., 91 s.
24. Helldén,U.,1978: Evaluation of Landsat-2 imagery for desertification studies in northern Kordofan, Sudan. - Lunds Universitets Naturgeografiska Institution (LUNI), Rapporten och Notiser Nr 38, 40 pp.
25. Helldén,U., 1979a: En test av Landsat-1 bild och digitala data för kartering av vegetation och markanvändning i Skåne.- LUNI Rapporten och Notiser Nr 44, 43 s.

26. Helldén,U.,1979b: Utvärdering av data från Landsat för studium av naturresurser. Exempel från Sverige och Sudan.-Ymer, Årsbok 1979, 55-70.
27. Helldén,U.,1979c: Evaluation of Landsat data for geographical applications: A survey of an arctic/subarctic mountain area, Varanger Peninsula, northern Norway.- Norsk Geogr. Tidsskr. Vol.33, pp. 57-70. (with O. Palmer and B. Malmström).
28. Helldén,U.,1979d: Differenser i markfuktighet detekterade med hjälp av Landsat-3 data. Svensk Geografisk Årsbok, Årg. 55, 104-107.(with J.O. Mattsson).
29. Helldén,U.,1979e: Landsat data för miljövårdsapplikationer: Bedömning av vattenkvalitet och markanvändning (Landsat data for environmental applications: Estimation of water quality and land use).- Statens Naturvårdsverk, Forskningsnämnden. Kontrakt nr. 7-99/77. Slutrapport 23 s.
30. Rapp,A.,Helldén,U.,1979:Research on environmental monitoring methods for land use planning in African drylands. - Lunds Universitets Naturgeografiska Institution (LUNI) Rapport och Notiser No. 42. 124 pp.

31. Helldén,U., 1980: A test of Landsat-2 imagery and digital data for thematic mapping, illustrated by an environmental study in northern Kenya.- LUNI Rapport och Notiser Nr 47, 63 pp.
32. Helldén,U., Stern,M., 1980a: Monitoring land degradation in southern Tunisia - A test of Landsat imagery and digital data. - Lunds Universitets Naturgeografiska Institution. Rapport och Notiser No. 48. 42 pp.
33. Helldén,U.,Stern,M.,1980b: Evaluation of Landsat-2 imagery and digital data for monitoring desertification indicators in Tunisia.- Proc. of the 14th Int. Symp. on Remote Sensing of Environment, ERIM, Inst.Geografico Nacional, April 23-30,1980, San Jose, Costa Rica. Vol. III, pp.1601-1610.
34. Helldén,U.,1981a: Satellite data for regional studies of desertification and its control-Approaches to rehabilitation of degraded ecosystems in Africa.- Lunds Universitets Naturgeografiska Institution. Rapport och Notiser No. 50. 20 pp.
35. Helldén,U., 1981b: Landsat data as an aid for obtaining agricultural statistics-Illustration of an area sampling frame construction in Niger- FAO consultancy report. TCP project NER/8904. Final report. 22 pp. FAO, Rome.
36. Helldén,U.,1981c: Satellitdata för studium av naturresurser - Mark-förstöring och ökenspridning i Afrika. - Svensk Lantmäteritidskrift 1981:3, 242-246.
37. Helldén,U.,1981d: Satellite data for regional studies of desertification and its control-Approaches to rehabilitation of degraded ecosystems in Africa.- Second United Nations Conference on the Exploration and Peaceful Uses of Outer Space. National Paper: Sweden. A/CONF.101/NP/9Add.1. 17 pp.
38. Helldén,U., 1982a: Approaches to desertification monitoring in The Sudan using Landsat data-Preliminary results.-Proc. of the Int. Symp. on Remote Sensing of Environment, ERIM First Thematic Conference. "Remote Sensing of Arid and semi Arid Lands", Volume 1, 19-25 January 1982, Cairo, pp. 427-436.

39. Helldén,U., 1982b: Fjärranalys för miljöövervakning - studier av markförstöring och ökenspridning i Afrika.- Svensk Geografisk Årsbok, Årg. 58, 242-246.
40. Helldén,U., Olsson,K., 1982: The potential of Landsat MSS data for wood resources monitoring- A study in arid and semi-arid environment in Kordofan, the Sudan.- LUNI Rapporter och Notiser Nr 52, 35 pp.
41. Helldén,U.,Olsson,L.,Stern,M., 1982: Approaches to desertification monitoring in the Sudan.- Proc. of an EARSeL-ESA Symp. on Satellite Remote Sensing for Developing Countries. Igls, Austria 20-21 April, 1982. ESA SP-175, pp. 131-144.
42. Helldén,U., Olsson,K., Olsson,L., Stern,M., 1983: Regional Studies of Desertification - A joint research project between the Institute of Environmental Studies, University of Khartoum, Sudan and the Remote Sensing Laboratory, Department of Physical Geography, University of Lund, Sweden.- A compilation of papers presented at the Workshop on Monitoring and Controlling Desertification in Sudan, Khartoum Febr.20-25, 1983, 15 pp.
43. Helldén,U.,1984a: Remote Sensing for Drought Impact Assessment- A study of land transformation in Kordofan, Sudan.-Paper presented at the XXV COSPAR meeting in Graz, Austria, June 25-July 27, 1984. Workshop on Satellite Remote Sensing of Interest to Developing Countries -Forest, Range and Desert Applications.- Adv. Space Res. Vol.4,No.11, pp. 165-168.
44. Helldén,U.,1984b: Drought Impact Monitoring- A remote sensing study of desertification in Kordofan, Sudan. - Lunds Universitets Naturgeografiska Institution, Rapporter och Notiser Nr 61, 61 pp.

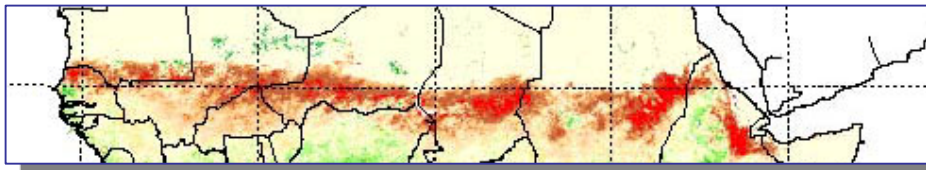

45. Behrens, S., Bergsten, K-E., Helldén, U., Hillefors, Å., Mattsson, JO., Rapp, A., Åkerman,J., 1984: Terrängformer i Norden (Terrain forms in the Nordic countries) -Nordiska ministerrådet, 1984 ISBN 91-38-08241-1, Berlings 1984, 139 s.
46. Helldén,U.,1985a: -Ökenspridning i Sudan- Satellitdata för övervakning av landskapets produktivitet. -Svensk Geografisk Årsbok Årg.61.
47. Helldén,U.,1985b:-Land degradation and land productivity monitoring- Needs for an integrated approach.-In: Land Management and Survival (ed. Anders Hjort), the Scandinavian Institute of African Studies, pp 77-87. Almqvist & Wiksell. International. Paper presented at the Scandinavian Institute of African Studies "Seminar on Land Management and Survival", Uppsala, March 20-22, 1985.
48. Helldén,U.,Olsson,L., 1986: Remote Sensing for Deforestation and Desertification Research. Experiences, potentials and constraints.- Invited paper to SAREC Workshop on: "A Research Program on Deforestation and Desertification". June 1986. 23 pp.
49. Helldén,U.,1986: Desertification Monitoring- Remotely sensed data for drought impact studies in the Sudan.-Paper presented at the COSPAR, IAMAP,UNEP Conf. on parameterization of land-surface characteristics, use of satellite data in climate studies and first results of ISLSCP, Rome 2-6 Dec. 1985. ESA SP-248. pp. 417-428.
50. Helldén,U.,1987a: Application of remote sensing data for forest mapping-The Gedaref Study.- FAO Consultancy report GCP/SUD/033/NET "Fuelwood Development for Energy". February 1987. 14 pp and additional maps.

51. Helldén,U.,1987b: An Assessment of Woody biomass, Community Forests, Land use and Soil erosion in Ethiopia-A feasibility study on the use of remote sensing and GIS-analysis for planning purposes in developing countries. - Final report SIDA contract 30/86 1 ETI 52.2. Swedforest Consulting AB. 75 pp.

52. Helldén,U.,1987c: An Assessment of Woody biomass, Community Forests, Land use and soil erosion in Ethiopia-A feasibility study on the use of remote sensing and GIS-analysis for planning purposes in developing countries. - Lund Studies in Geography. Ser. C. No. 14, 75 pp. Lund University Press and Chartwell-Bratt Ltd.
53. Helldén,U.,1988: Desertification monitoring-Is the Desert Encroaching?- Desertification Control Bulletin Number 17, 1988. United Nations Environment Program. pp 8-12.
54. Helldén,U.,Eklundh,L.,1988: National Drough Impact Monitoring- A NOAA NDVI and precipitation data study of Ethiopia.- Lund Studies in Geography. Ser. C. No. 15, 56 pp. Lund University Press and Chartwell-Bratt Ltd.
55. Helldén,U.,Olsson,L.,1989: Fuelwood Assessment of the Kassala Province, The Democratic Republic of the Sudan.- Final report to FAO contract TF/SUD/033-1/NET/FODO (Fuelwood development for energy in the Sudan). 32 pp.
56. Helldén,U., 1990: Estimation of the forest cover and its changes over time by means of remote sensing in semi-arid Africa.- Technical background paper presented at the SAREC sponsored int. Seminar on Management of Natural Forests in Semi-Arid Areas of Africa. Present Knowledge and Research Needs. Sigtuna, June 1990. 26 pp. - Swedish University of Agricultural Sciences. International Rural Development Centre, Uppsala 1992. ISBN 91-576-4610-4, pp. 47-68.
57. Helldén,U.,1991: Report of the SAREC/Lund International Meeting on Desertification, Örenäs Slott, 5-7 December 1990.-Mimeo, Lund university, 9 pp.
58. Helldén,U., 1991: Desertification-Facts and Myths. - Report from the SAREC/Lund international meeting on natural desertification and man induced land degradation, Örenäs Slott, 5-7 December 1990.- Mimeo, Department of Physical Geography, University of Lund, 12 pp.

59. Helldén,U., 1991: FAO-Global Forest Resources Assessment 1990 (FRA90).-Results from Sudan and Ethiopia.-Final report to FAO contract TF/SUD/033-2/NET/FODO, Amendment No. 1. March 1991, 19 pp.
60. Helldén,U.,1991: Woody biomass assessment for resources planning and management, Eastern region of the Sudan.- Final report to FAO contract TF/SUD/033-2/NET/FODO, Amendment No. 1. Fuelwood development for energy in the Sudan. March 1991, 21 pp.
61. Helldén,U.,1991: Desertification-Time for an Assessment? -AMBIO, Vol 20, No 8, pp. 372-383.
62. Helldén, U.,1991: Rapport från ett internationellt möte om ökenspridning- Svensk Geografisk Årsbok, Årg. 67, s. 73-82.

63. Helldén,U., Olsson,L.,1991: Fjärranalys - Nationalencyklopedien, Sjätte bandet, Bra Böcker AB. s. 358-359.
64. Helldén, U, 1992: FAO-Global Forest Resources Assessment 1990 (FRA90). Results from the Sudan and Ethiopia.Updated report Sep. 1992- FAO Contract No TF/SUD7033-2/NET/FODO, Amendment 1. 19 pp.
65. Helldén,U.,1992: Är ökenspridningen en myt? - Intervju av E. Magnusson. Forskning och Framsteg 2/92, s 12-13.
66. Helldén,U.,1992: Estimation of the forest cover and its changes over time by means of remote sensing in semi-arid Africa.- In "Management of Natural Forests in Semi-arid Areas of Africa- Present knowledge and research needs"(ed J. Fries). Swedish University of Agricultural Sciences, International Rural Development Centre, Uppsala. ISBN 91-576-4610-4, pp. 47-68.
67. Helldén,U.,1993: An Approach to Monitoring and Assessment for Planning and Management in African Drylands.- The Norwegian Forestry Society Int. Symp. on "Natural Resource Inventory and Sustainable Management of Forested Areas in Africa". Biri, January 1993. Proceedings, pp. 9-14.
68. Helldén,U., 1993: Land Cover Conversion, Land Degradation and Desertification in Africa and Asian Drylands-An Assessment of Regional and Continental Change. -Paper presented at the Int. Symp. on Remote Sensing in Arid and Semi-arid Regions-Lanzhou, China, Aug. 25-28, 1993.
69. Helldén, U., 1994: Desertification, fact or fiction? - Our Planet. The United Nations Environment Programme Magazine for Sustainable Development, Vol 6, Nr 5, 1994. p. 33.

70. Helldén,U., 1995: Ökenspridning-ett lokalt problem?- Naturvetenskapliga forskningsrådet. Årsbok 1995 "Det evigt rinnande vattnet". ss 131-142.
71. Helldén,U., 1997: Comments on Desertification Assessment – Paper presented at the Int. Workshop on Rangeland Desertification, Iceland Sep 16-19, 1997.
72. Helldén,U., 1998: Comments on dryland degradation assessment- In : Drylands-Sustainable Use of Rangelands into the Twenty-first Century (ed V.R. Squires and A.E. Sidahmed) - International Fund for Agricultural Development (IFAD), IFAD Series: Technical Reports ;ISBN 92-9072-006-9, pp 25-30.
73. Helldén,U., Ólafsdóttir,R., 1999: Land Degradation in NE Iceland - An assessment of extent, causes and consequences.- Lund Electronic Reports in Physical Geography Department of Physical Geography, Lund University, Sweden ISSN: 1402 – 9006. *Reference: Lund eRep. Phys. Geogr., No. 3, June 1999.* <http://www.nateko.lu.se/Elibrary/LeRPG/LeRPGhome.htm>
74. Helldén,U., Ólafsdóttir,R., 1999: Desertification and global climate change - Little Ice Age desertification in Iceland.- Lead paper presented at the Second Int. Land Degradation Conference, Thailand, January 1999, Printed in Conf. Abstracts and in the conf. Proceedings.
75. Helldén, U., Ólafsdóttir,R., 2001: Climate Change and Land Degradation in Iceland - In: "RESPONSE TO LAND DEGRADATION", World Association of Soil and Water Conservation, E.M. Bridges, I.D. Hannam, L.R. Oldeman, F.W.T. Penning de Vries, S.J. Scherr, and S.

Sombatpanit (eds.). Oxford & IBH Publishing Co. Pvt. Ltd, New Delhi. [distributed in the United States by Science Publishers] ISBN 81-204-1494-2, c. 500 pp. 2001.

76. Helldén, U., 2003: Desertification and Theories of Desertification Control: A discussion of Chinese and European concepts. - Proceedings of the China-EU Workshop on Integrated Approach to Combat Desertification, 15-17 Oct., Beijing, China. pp. 94-104. China Association for International Science and Technology Cooperation.

77. Helldén, U., 2005: Case studies of desertification monitoring- A discussion of EU initiatives- Int. Sem. on Local & Regional Desertification Indicators in a Global Perspective, Beijing-China 16-18 May 2005, AID-CCD. 10 pp. (session presentation)
78. Hill, J., Helldén, U., 2005: Remote Sensing and Geomatics Strategies for Desertification and Land Degradation Monitoring and Assessment - - Int. Sem. on Local & Regional Desertification Indicators in a Global Perspective, Beijing-China. 16-18 May 2005, AID-CCD (session presentation)
79. Helldén, U., 2007: LU-CDM, A Conceptual Model of Desertification – Paper presented at Wengen Workshop on Global Change Research: Edition 2007; Climate Change and Desertification: Monitoring, Modelling and Forecasting-Hotel Regina, Wengen, Switzerland, September 10-13, 2007.
80. Helldén, U., Töttrup, C., 2007: Desertification-A global monitoring approach- Paper (poster) presented at Wengen Workshop on Global Change Research: Edition 2007; Climate Change and Desertification: Monitoring, Modelling and Forecasting-Hotel Regina, Wengen, Switzerland, September 10-13, 2007

81. Töttrup, C., Helldén, U., 2007: Long term NOAA-AVHRR GIMMS-NDVI - rainfall relationships and trends 1981 to 2003 for entire DeSurvey area of interest – Report- DeSurvey Deliverable 1.5.1.17. DeSurvey IP & Department of Physical Geography and Ecosystems Analysis, 132 pp.
82. Helldén, U., 2008: Completion of Stella scenario model. LU-CDM, A Conceptual Model of Desertification.- Report-DeSurvey Deliverable 1.3.3.8. DeSurvey IP & Department of Physical Geography and Ecosystems Analysis, 34 pp.
83. Helldén, U., Töttrup, C., 2008 : Regional Desertification: a global synthesis - Global and Planetary Change , Vol 64 (3-4), 169-176. <http://dx.doi.org/10.1016/j.gloplacha.2008.10.006>
84. Helldén, U., 2008 : A Coupled Human-Environment Model for Desertification Simulation and Impact Studies – Global and Planetary Change 64 (2008), 158-168. <http://dx.doi:10.1016/j.gloplacha.2008.09.004>

85. Helldén, U., 2009: Coupled Human-Ecological Dynamics and Land Degradation in Global Drylands-A modelling approach.- Invited presentation to American Geophysical Union - Paper GC21B-04 . Session: Global Environmental Change, GC21B. Desertification I: Understanding Coupled Human-Ecological Systems in Global Drylands: Their Key Role in Desertification Research, Dryland Development, and Achieving Sustainable Management Policies, 2009 AGU Fall Meeting, 14-18 December, in San Francisco, California.  
<http://www.agu.org/meetings/fm09/index.php>
86. Helldén, U., 2010a: Application of the Lund University Coupled Desertification Model (LU-CDM) in Naiman County, Jirem Prefecture, Inner Mongolia, China.- Report- DeSurvey Deliverable D1.8.3.1. DeSurvey IP & Department of Earth and Ecosystem Sciences , pp 35.
87. Helldén, U., 2010b: Application of the Lund University Coupled Desertification Model (LU-CDM) in the Mediterranean Basin: Greece (Lagadas), Portugal (Alentejo), Spain (La Mancha) and Tunisia (Medenine-Oued Oum Sessar).- Report- DeSurvey Deliverable D1.8.3.2. DeSurvey IP & Department of Earth and Ecosystem Sciences , pp 37.

88. Helldén, U., 2010c: Application of the Lund University Coupled Desertification Model (LU-CDM) in La Coquimbo region, Chile.- Report- DeSurvey Deliverable D1.8.3.3. DeSurvey IP & Department of Earth and Ecosystem Sciences , pp 24.
89. Helldén, U., 2010d: Application of the Lund University Coupled Desertification Model (LU-CDM) in Ferlo, Senegal.- Report- DeSurvey Deliverable D1.8.3.4. DeSurvey IP & Department of Earth and Ecosystem Sciences , pp 25
90. Rasmus Fensholt, Tobias Langanke, Kjeld Rasmussen, Anette Reenberg, Stephen D. Prince, Compton Tucker, Robert J. Scholes, Quang Bao Le, Alberte Bondeau, Ron Eastman, Howard Epstein, Andrea E. Gaughan, **Ulf Helldén**, Cheikh Mbow, Lennart Olsson, Jose Paruelo, Christian Schweitzer, Jonathan Seaquist, Konrad Wessels: Greenness in semi-arid areas across the globe 1981–2007 — an Earth Observing Satellite based analysis of trends and drivers. - Original Research Article. - Remote Sensing of Environment, Volume 121, June 2012, Pages 144-158.
91. Weicheng Wu , Eddy De Pauw & **Ulf Helldén**, 2013: Assessing woody biomass in African tropical savannahs by multiscale remote sensing - International Journal of Remote Sensing, 34:13, 4525-4549.
